

**PAINT STRIPPER 99 AVB Ref: 2041 TECHNICAL DATA SHEET**  
Brushable paint stripper to remove rejected paint from metal component

**Introduction:**

PAINT STRIPPER 99 AVB is based on methylene chloride with activators and evaporation retarders. Thickening agents assist for stability & storage. PAINT STRIPPER 99 AVB will attack a wide range of paints. Being solvent based it will not attack wood or metal substrates. PAINT STRIPPER 99 AVB may apply to a vertical or over head surface without sagging or dripping which will reduce wastage.

**Application:**

PAINT STRIPPER 99 AVB is formulated for application by brush. Sufficient quantity may be applied so that PAINT STRIPPER 99 AVB will be fully absorbed by the paint by the time it has wrinkled away from the surface. Paint residues may be removed by scrapping or alternately with the assistance of kerosene or white spirit on wood surfaces. Due to the efficient emulsifying agent in formulation, metal component may be rinsed by hosing with water and will be a convenient method for removal of paint from surface.

**Conclusion:**

In developing the system, M/s. GRAMOS CHEMICALS INDIA PRIVATE LIMITED has been able to draw from the wealth of expertise and knowledge from our parent company over 30 years experience as manufacturing paint aids for all types of United Kingdom industries and 10 years Indian industries that incorporate paint in their process.

The ability to call on this expertise and knowledge has resulted in the development of the PAINT STRIPPER 99 AVB stripping system, which has the following benefits:

1. Suitable for brush application where dipping is not possible.
2. Steel reduction is negligible or nil
3. Evaporation rate is minimum
4. Reduces stripping time

**Packing:**

20 Kilograms plastic container

Note: Standard specification may be supplied on request, which needs to be confirmed by customer before release of order

**Warranty:**

It should be appreciated that the information given here is to the best of our knowledge, true and accurate. Since the conditions under which our products are used are beyond our control, recommendations are made without warranty or guarantee.
