

## STANDARD WIPE Ref: 4066 TECHNICAL DATA SHEET

### **Introduction:**

Gramos India is pleased to introduce various wipes for paint shop, which includes STANDARD WIPE. Importance of wipes for surface preparation is increased due to technological development to use high solid and water based paint. These paints make much more difficult to hide dirt and needs to use proper wipe cloths to remove them. STANDARD WIPES are based on cotton fabrics. Wipes have extremely strong structure even after soaking with solvent for dust wipe. STANDARD WIPES based on natural woven cloth has fine and smooth fabric nature, which helps to spread the solvent uniformly on surfaces, which will evaporate faster, avoids wipe marks and scratches on the surface to be wiped.

### **Application:**

STANDARD WIPE are suitable for solvent wipe and also can be used for underbody and sealer wipe to remove effectively excess sealant and also suitable for cleaning of paint shop structure during shut down and weekly cleaning schedules. STANDARD WIPE is also used to pre-wipe vehicles before shipping for sales or exports.

STANDARD WIPE supplied may be used as eight surfaces to wipe effectively and economically to keep low cost of wipes. It will be important to use wipes & follow proper defined procedure to utilize total surface area of the wipes.

### **Conclusion:**

In developing the system, M/s. GRAMOS CHEMICALS INDIA PRIVATE LIMITED has been able to draw from the wealth of expertise, knowledge and experience as manufacturing STANDARDWIPE for 10 years to Indian industries that incorporate paint in their process.
